LA INNOVACIÓN TECNOLÓGICA COMO AGENTE DE DESARROLLO SOCIO-ECONÓMICO EN LA REPÚBLICA BOLIVARIANA DE VENEZUELA

ECHNOLOGICAL INNOVATION AS A SOCIO-ECONOMIC DEVELOPMENT AGENT IN THE BOLIVARIAN REPUBLIC OF VENEZUELA

ABSTRACT

Starting from reviewing general conditions in the Bolivarian Republic of Venezuela and change issues in science and technology policies, from the fourth to the fifth republic, it is established the need of a collective reflection, deep, inclusive, and critic toward the addition and development of an innovation component into the National System for Science, Technology and Innovation. National and Latin America antecedents reviewed pinpoint innovation importance, and then, taking into account the Plan de la Patria 2019-2025 law as the referent allowed to find its tactic value to collaborate in the obtaining of a new socioeconomic development model, and to go forward in a definitive implantation of the Bolivarian Socialism of the XXI Century in Venezuela.

Keywords: Innovation, STI system, public policies, Bolivarian Socialism, Plan de la Patria 2019-2025.
